

Evidencing the use of the PE and Sport Premium funding: Action plan and Impact Review

The DfE Vision for the Primary PE and Sport Premium

ALL pupils leaving primary school **physically literate** and with the **knowledge, skills and motivation** necessary to equip them for a **healthy, active lifestyle** and **lifelong participation** in physical activity and sport.

The funding has been provided to schools to make **additional and sustainable** improvements to the quality of PE and sport they offer. This means that you should use the funding to:

- build capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years
- develop or add to the PESSPA activities that your school already offer

Schools need to ensure **impact** against the following 5 Key Indicators:

1. Increased confidence, knowledge and skills of all staff in teaching PE and sport
2. Engagement of all pupils in regular physical activity
3. The profile of PE and sport is raised across the school as a tool for whole school improvement
4. Broader experience of a range of sports and physical activities offered to all pupils
5. Increased participation in competitive sport

It is a statutory requirement of Ofsted, under their Common Inspection Framework, to ensure that information on the use of the Primary PE and Sport Premium and the impact it has had on pupils PE and sport participation and attainment is available on the school website by **31st July 2024**. Schools also have a responsibility to publish on their website the % of children who achieve the expectation for swimming by the end of Year 6.

You should not use your funding to:

- employ coaches or specialist teachers to cover planning preparation and assessment (PPA) arrangements - these should come out of your core staffing budgets
- teach the minimum requirements of the national curriculum – including those specified for swimming
- fund capital expenditure
